

Addo Elephant National Park Guided Safari Tour

This tour departs daily from De Old Drift Guest House and is offered specially for guests staying with us. The tour is done in our open safari vehicle which takes 9 people only. Please book prior to avoid disappointment. The tour is very popular so we cannot guarantee any open spaces without a booking.

As the Addo Park was started specifically in 1931 to save the Addo elephants from extinction we concentrate on finding as many elephants as possible. We will also search for any other interesting animals along the way and talk about the vegetation too. Our guides are well experienced and very knowledgeable.
